Contents Volume 31, 1991

Geotechnical study of Kordofan tropical black soils (Sudan Republic)
O. Nawari (Darmstadt, Germany) and K. Schetelig (Aachen, Germany) 1
Stability of tropical residual soils from Dominica, West Indies
A. J. Reading (Cambridge, UK) 27
Engineering properties of a lateritic soil profile
U. Mahalinga-Iyer and D. J. Williams (Queensland, Australia) 45
Geotechnical implications of subsurface water rise in Kuwait
H. A. Al-Sanad and F. M. Shaqour (Safat, Kuwait) 59
Geotechnical properties of the Quaternary sediments in Shanghai
A. Dassargues, P. Biver and A. Monjoie (Liège, Belgium) 71
Microseismic emissions from flowslide-type movements in South Wales
C. Rouse (Swansea, UK), P. Styles (Liverpool, UK) and S. A. Wilson (Swansea, UK) 91

Book Reviews
Subsidence—Occurrence, Prediction and Control, by B. N. Whittaker and D. J. Reddish—
P. H. Rahn and A. Onak 111

Announcements 113

Research Papers
A method for estimating land loss associated with stream channel degradation
R.A. Lohnes (Ames, Iowa, U.S.A.) 115
A comparison of the Casagrande and fall cone penetrometer methods for liquid limit determination in marls from Crete, Greece
B. Christaras (Thessaloniki, Greece) 131
Characteristics and chemical treatment of expansive clay in Al-Qatif, Saudi Arabia
S.N. Abduljauwad (Dhahran, Saudi Arabia) 143
Observation and analysis of pore pressure fluctuations in a thin colluvium landslide complex near Cincinnati, Ohio
W.C. Haneberg (Cincinnati, Ohio, U.S.A.) 159
Geotechnical problems caused by glaciolacustrine clays in the French Alps
A. Giraud, P. Antoine (Grenoble, France), T.W.J. van Asch and J.D. Nieuwenhuis (Utrecht, Netherlands) 185

Opinion Section
The Teton Dam (Idaho, U.S.A.) failure: problems with the use of loess material in earth dam structures
I.J. Smalley (Loughborough, U.K.) and T.A. Dijkstra (Leicester, U.K.) 197
Comments on the Teton Dam failure: problems with the use of loess material in earth dam structures, by I.J. Smalley and T.A. Dijkstra
E.B. Perry (Vicksburg, Miss., U.S.A.) 205

Announcement 207

Research Papers

Space-time distribution patterns of destructive earthquakes in the inner belt of central Japan: activity intervals and locations of earthquakes
Y. Kanaori, S. Kawakami and K. Yairi (Gifu City, Japan) 209

Microearthquakes and seismotectonic analysis for a nuclear plant area in southeastern Finland
J. Saari (Vantaa, Finland) 231

Geophysical, geotechnical and hydrological investigations of a small landslide in the French Alps
J.P.T. Caris and Th. W.J. Van Asch (Utrecht, Netherlands) 249

Mapping the state of fracture around cavities
E.Z. Lajtai, B.J. Carter and E.J. Scott Duncan (Winnipeg, Man., Canada) 277

Soil deformation and shear strength characteristics of the Sana'a soil, Yemen Arab Republic
S.N. Abduljauwad (Dhahran, Saudi Arabia) and K.A. Al-Gassous (Sana'a, Yemen Arab Republic) 291

An evaluation of the engineering properties of some Nigerian limestones as construction materials for highway pavements
S.C. Teme (Port Harcourt, Nigeria) 315

Engineering geology of Mokattam city and vicinity, eastern Greater Cairo, Egypt
A.R. Moustafa (Jeddah, Saudi Arabia), F. El-Nahhas and S. Abdel Tawab (Cairo, Egypt) . 327

Technical Notes

Time effects on the unconfined compressive strength and sensitivity of a clay
O.A. Awoleye, A. Bouazza (Glasgow, United Kingdom) and R. Rama-Rao (Andhra, India) 345

A quantitative study of the weathering of greywacke
A.P.W. Hodder (Hamilton, New Zealand) and J.R. Hetherington (Waiuku, New Zealand) . 353

Book Reviews

Neotectonics in Earthquake Evaluation, by E.L. Krinitzsky and D.B. Slemmons (Editors) — R.W. Galster 369

Engineering Seismology and Site Response, by A.S. Cakmak and I. Herrera (Editors) — Y. Kanaori 370

Managing Coastal Erosion, by the National Research Council (Washington, D.C., U.S.A.) — H. Hanson 372

Geological Maps and Sections for Civil Engineers, by P.R. Thomas — J. Rupke 373

Grouting Theory and Practice, by E. Nonveiller — L. Letourneur 374

Proceedings of the Sixth International Congress of the International Association of Engineering Geology, 6–10 August, 1990. Volume 1, Theme 1. Engineering geological mapping and site investigation, by D.G. Price (Editor) — J.R. Keaton 375

Water-Well Design and Construction, by R.L. Harkan et al — E. Custodio 376

Laser Holography in Geophysics, by S. Takemoto (Editor) — C.S. Robinson 377

Proceedings of the Sixth International Congress of the International Association of Engineering Geology, 6–10 August, 1990. Volume 2, Theme 2. Remote sensing and geophysical techniques. Theme 3. Hydro-engineering geology, by D.G. Price (Editor) — C.S. Robinson 378

Rock Grouting and Diaphragm Wall Construction, by J. Verfel — E.C. Kalkani 379

Erratum 382

Contents Volume 31, 1991 383
